What does Form N-565 serve for?

Form N-565, Application for Replacement Naturalization/Citizenship Document, is used to apply to U.S. Citizenship and Immigration Services (USCIS) for a replacement of a:

- 1 Certificate of Naturalization;
- 2 Certificate of Citizenship;
- 3 Declaration of Intention; or
- 4 Repatriation Certificate.

You can also use this application to apply for a special certificate of naturalization to have a foreign country recognize you as a U.S. citizen.

The Form N-565, also known as the Application for Replacement Naturalization/Citizenship Document, serves the purpose of requesting a replacement of various citizenship documents from USCIS. These documents may include a Certificate of Naturalization, Certificate of Citizenship, Declaration of Intention, or Repatriation Certificate. Additionally, this form can also be used to apply for a special certificate of naturalization that recognizes a person as a U.S. citizen in a foreign country.

Who May File Form N-565?

you are eligible to apply for a replacement document using Form N-565 if you were issued a Certificate of Naturalization, Certificate of Citizenship, Declaration of Intention, or Repatriation Certificate and if any of the following conditions are met:

- 2 The original document contains typographical or clerical errors made by USCIS.
- 3 You have changed your name due to marriage, divorce, annulment, or court order, and you want a document in your new name.
- 4 You have obtained a court order, a government-issued document, or a letter from a licensed health care professional that recognizes a different gender than the one listed on your current document, and you want a document that reflects the recognized gender.

Furthermore, if you need to change the date of birth on your Certificate of Citizenship because you have obtained a court order or a document from the U.S. government or a state government that reflects the new date of birth, you can also apply for a replacement document. Additionally, if you are a naturalized citizen and need a special certificate of naturalization for a foreign country to recognize you as a U.S. citizen, you may file this application.

If you lost your document in the mail, you should first submit an online case service request for non-delivery of document before filing Form N-565.

It is important to note that USCIS will not change your name without proper evidence such as a marriage certificate, divorce decree, or court order. Likewise, USCIS will not change the date of birth on your Certificate of Citizenship without proper documentation such as a court order or state-issued documents. If you provided an incorrect date of birth or name on your Form N-400, Application for Naturalization, and then signed Part 16. Signature at Interview, USCIS cannot make any changes to your Certificate of Naturalization. However, if you changed your name after naturalization, USCIS can change the name on your Certificate of Naturalization.

General Instructions

USCIS forms are available free of charge on the USCIS website. Use the latest version of Adobe Reader to view, print or fill out the forms. Adobe Reader can be downloaded for free at <http://get.adobe.com/reader/>.

Signature. Each application must be properly signed and filed. USCIS will not accept stamped or typewritten names in place of signatures. If you are under 14 years old, your parent or legal guardian may sign the application on your behalf. If the request is not signed or if the signature is not valid, USCIS will reject the request. A legal guardian may sign for a mentally incompetent person. Refer to 8 CFR 103.2(a)(7)(ii)(A).

Validity of Signatures. USCIS will consider a photocopied, faxed, or scanned copy of the original handwritten signature valid for filing purposes. The photocopy, fax, or scan must be of the original document containing the handwritten ink signature.

The appropriate **filing fee** must be submitted with each application, as outlined in the "What Is the Filing Fee" section of these Instructions.

All **evidence** and supporting documents listed in the Initial Evidence section of these Instructions must be submitted at the time of filing. The USCIS Policy Manual, Volume 12, Part K, Certificates of Citizenship and Naturalization at www.uscis.gov/policymanual, can provide further information.

To verify your identity, obtain additional information, and conduct background and security checks, including a check of criminal history records maintained by the Federal Bureau of Investigation (FBI), USCIS may require you to appear for an interview or provide biometrics (fingerprints, photograph, and/or signature) at any time before making a decision on your application or petition. Once USCIS receives your application and ensures it is complete, they will inform you if you need to attend a **biometric services appointment** . If an appointment is necessary, the notice will provide you with the location of your local or designated USCIS Application Support Center (ASC) and the date and time of your appointment or, if you are currently overseas, instruct you to contact a U.S. Embassy, U.S. Consulate, or USCIS office outside the United States to set up an appointment.

At your biometrics appointment, you must sign an oath reaffirming that you provided or authorized all information in the application, reviewed and understood all of the information contained in, and submitted with, your application, and that all of this information was complete, true, and correct at the time of filing.

Copies: Unless the Instructions specifically state that you must submit an original document, you should provide legible photocopies of requested documents. USCIS may request an original document at any time during processing of an application or petition, or at the time of filing. If USCIS requires an original document from you, it will be returned after USCIS determines that it is no longer needed.

NOTE: If you submit original documents when not required or requested by USCIS, your original documents may be immediately destroyed after we receive them.

Translations. If you provide a document that contains information in a language other than English, you must also provide a complete English translation. The translator must certify that the English language translation is accurate and complete and that he or she is qualified to translate from the foreign language into English. The certification must include the translators signature, printed name, the date of the signature, and the translators contact information.
